ANATOMICAL/MEDICAL DIVISION

- ❖ **Communication** is key to the Global/Airways Anatomical difference. A client calling Global/Airways will always speak directly to an individual who personally understands the details of the customer's needs and preferences.
- ❖ **Flexibility**, in dealing with every scenario gives our customers the comfort of knowing they have a partner in the shipping business. Because we are intimately involved in the medical industry, Global/Airways can sometimes suggest shipping options that may be thought impossible.
- ❖ **Technology**, unsurpassed in the industry, allows a client to track each shipment electronically every step of the way.
- ❖ **Trained** and IATA certified, Global/Airways has an in-house team of professionals ready 24 hours a day to assist with the safe handling of biological product shipped by air.

SAME DAY SHIPPING

Miracles occur here on a daily basis. Options may be surprising. Chartered aircraft, hundreds of commercial flights a day, pick up and delivery at any time, thousands of trucks of all configurations are at the request of our clients through Global/Airways' worldwide network of services 24/7/365. If ever a shipping situation has been ruled out to be impossible, a call to Global/Airways could be the answer.

OVERNIGHT SHIPPING

Urgent shipments that don't require the same critical savings in time still require the same dedicated monitoring. Global/Airways Anatomical provides on every package. Tracking begins the moment a dispatch order is given, and does not end until final proof of delivery signature is given to the requesting party. No exceptions!
