Trade Show Division

Global/Airways have utilized its extensive transportation background, resources, and dedication to customer service to become the most reliable, premier trade show carrier in the industry. Whether acting as “official” carrier on more than 300 shows a year or coordinating with an exhibitor for a single show, our mission is to provide the customer with a hassle free move-in and move-out. We at Global/Airways, realize that while transportation costs represent only a small fraction of the overall budget of trade show exhibiting, the failure to perform can result in astronomical costs to the exhibitor.
